

Feels like home.
Feels like me.

 caesarstone®

Make your home feel like you.

Every home tells a story. Like a blank canvas, it's the perfect place to express who you are. A place that reflects your essence, your style, your experiences.

As the creator and author of your best version, Caesarstone empowers you to shape spaces that echo your individuality.

No matter if you're classic or modern, bold or low profile, eccentric or traditional.

**We have a surface for you.
To inspire you for a lifetime.**

A reflection of you.

Surfaces for you. For a *lifetime*.

Innovation is in our DNA. Since 1987, we've combined creativity and expertise to design trends and shape high-quality, durable, and unique surfaces.

With a wide range of materials such as Quartz, Mineral, Porcelain, and Natural Stone, we offer over 100 stunning colors with timeless quality, backed by our lifetime Residential Warranty for added peace of mind.

From indoor to outdoor, our surfaces evoke powerful designs in a variety of palettes, textures and patterns to suit different preferences and styles, empowering people to express their true selves in their homes.

We care about the planet. *Just like you.*

For us, sustainability is more than a goal. It's a principle.

Aligned with the essence of our time, nature, and humanity, we hold a steadfast commitment to our planet's well-being. We invest in sustainable and safety-oriented initiatives across our end-to-end product lifecycle. From the selection of materials to manufacturing and end use, we take responsibility for promoting practices that lead to change in our market towards a greener future. It's a core commitment that extends throughout our entire network of valued business partners.

Our Quartz Surfaces

Everlasting beauty, durability and strength.

Our quartz surfaces offer exceptional versatility, delivering timeless beauty through an array of patterns, finishes, and colors that enrich people's lives.

Our quartz surfaces are made from natural minerals, resins and pigments expertly blended to create the most durable surfaces on the market, and our innovative approach to design has contributed to making quartz one of the most preferred materials for countertops by architects, designers and homeowners.

5116
Calacatta Nectar

A radiant white base with flashes of golden hues illuminating earthy veins and bands of light-grey tinged with golden orange, wrapped in a luxurious aura.

5810
Black Tempal

A complex composition of mineral-like layers in warm white hues, flowing organically across a charcoal base that is textured like a starry night touching water.

5151
Empira White

A timeless white base of the purest hue, touched by the movement of soft shadows in an interplay of darkness and light.

5101
Empira Black

Deep, dark stone, mysterious and opulent, with touches of fine white veining that flow organically across it, contrasting and blending together into a one-of-a-kind surface.

Outdoor Quartz Surfaces

Elevating outdoor
spaces with luxury.

Caesarstone's pioneering patented
Outdoor Collection delivers
stain-resistant, easily maintainable
surfaces, introducing a remarkably
durable material built to withstand all
elements - rain, snow, or shine.

Sophistication for outdoor

Combining Caesarstone's hallmark elegance with robust endurance against the elements. The Outdoor Collection presents three versatile shades suitable for both outdoor and indoor use.

Natural elegance

Inspired by the popular tones within Caesarstone's complete range, each color in the Outdoor Collection embodies an earth-inspired finish with a refined, contemporary touch.

Revolutionary surface

The Outdoor Collection has undergone rigorous testing, proving its resilience even in the harshest environmental conditions. These surfaces won't fade under intense UV rays or crack in extreme cold. The innovative technology has been tested to endure temperatures as low as -13°F and includes a 10-year warranty.

406
Clearskies

A smooth, soft-colored concrete grey, showered with tiny specks of undertones that reflect light depth.

405
Midday

The new neutral white, echoing an industrial concrete surface that is embellished with warmer greys and a confetti of cloudy sparks.

515
Palm Shade

Graceful, light greige veining that clasps a perfect milk-white base, for earthy nuances and added depth.

515 Palm Shade

Our Mineral™ Surfaces

Innovative, sustainable,
premium.

Caesarstone's premium sustainable surfaces are made from a blend of natural minerals such as quartz and feldspar, advanced innovative materials, and recycled materials. Characterized by a low crystalline silica content, the exclusive formulation improves performance, increases recycled content and promotes sustainability.

5140
Dreamy Carrara

Silky white veiled in a mesh of shifting intensities, reconciling dynamic sedimentary veins of earthy grey and bluish undertones with darker streaks.

5113
Soleanna

Warm bone-white, overlaid by a unique web of prominent earthy veins mixed with putty grey lines and touches of amber flashes.

5100
Vanilla Noir

A rich and luxurious ebony base, washed with expanding creamy vanilla veins and exuding a bold personality.

Every Caesarstone slab is cut to standard engineering specifications, ready for our specialists to tailor the surface to your specific requirements. To improve your project, our fabricators can personalize your surface with a custom edge profile, offering various shapes and thickness options. Selecting the ideal edge profile for your project enhances the overall appeal of your surface and adds essential finishing details to your design.

Long-Lasting Finishes

To bring out the best in your design, we offer a variety of finishes which protect and guarantee their long-lasting durability and beauty without the need for sealants or wax.

Polished

With its high-gloss smoothness, it enhances the surface's characteristics. It attracts light, illuminating the space with a natural glow that makes it appear larger and luxurious.

Honed

Smooth to the touch and gentle on the eye, this finish adds a delicate sophistication to the surface. Soft, organic, matte, low gloss luminosity.

Natural

Like a touch on a small smooth stone, this finish has a slightly textured satin sheen. It helps to bring out the color and pattern of the surface, especially in darker tones.

Concrete

With low light reflection and a slightly textured appearance, its light grainy feel evokes the sensation of an organic material that is powerfully strong.

Rough

With a complex and robust look and feel, it intensifies the depth of the colors. An advanced technology that achieves the effect of coarse industrial materials, but remains smooth for easy cleaning.

Long-Lasting Finishes

To bring out the best in your design, we offer a variety of finishes which protect and guarantee their long-lasting durability and beauty without the need for sealants or wax.

Honed

Smooth to the touch and gentle on the eye, this finish adds a delicate sophistication to the surface. Soft, organic, matte, low-gloss luminosity.

Silk

This finish covers the surface in a shimmering overlay. The light glides softly over the stone, creating a luxurious appeal that adds a dimension of softness and comfort.

Ultra-Rough

Inspired by the tactility of rough stone, industrial metals and concrete, this finish reinforces the organic nuances of the stone. With a distinctive granular feel, it guarantees high durability and care.

Stone

Tenderly tactile with a pleasant radiance, this finish has the soothing touch of a semi-smooth stone. Its appearance is that of a weathered rock, which comforts in a genuinely authentic way.

In-Sync Technology

In-Sync Technology creates seamless design continuity across body, surface, and edge, by blending pure raw minerals of varying grain sizes into each porcelain slab.
